

## To Whomsoever It May Concern

The School of Management, University of Bradford, UK has been running undergraduate business and management courses since 1996 with IILM- Undergraduate Business School, New Delhi as the Indian academic partner institution. Programmes include BSc Business and Management Studies, International Business, Human Resource Management and Accounting and Finance and Marketing.

As the curriculum, mode of delivery, examination pattern and evaluation system are identical in both the campuses, University of Bradford considers a student studying at IILM as a student of the University of Bradford. Each student is registered at the University and is given a University of Bradford Student Number (UB No.).

The University of Bradford degrees awarded to students in the IILM are of an equivalent standard to the UK based award, as evidenced by both internal Quality Assured processes of the University, and externally by the UK Quality Assurance Agency. The awards are therefore deemed equivalent.

The award of all five of the degrees to a student studying at IILM campus is recognized in the United Kingdom.

University of Bradford is an accredited member of The Association of Commonwealth Universities (ACU) and its awards and programmes are recognized by the ACU.

The Association of Indian Universities also recognizes the programmes and awards of an accredited member of ACU.

Yours faithfully
