

Christmas Fest at IILM Lodhi Road campus

Just a few days to go for Christmas, IILM Lodhi Road UG and PG students could not resist being part of the Christmas Fest organised on 23rd December 2011 by the Indian Culture and Human Values team led by Ms. Daminni Grover and Ms. Sangeeta Chopra, the excited group of students took part in a Christmas tree decoration competition. Interestingly, this competition had a twist! Instead of decorating the traditional Christmas Tree, students had to decorate trees around our front lawn using their own material including bells and shimmery cloth. After two hours of productive work, the students were rewarded with the joy of decorating a small Christmas Tree placed at the centre of the lawn. Upon hearing the 'Jingle Bells' song, a group of PG girls graced everyone by holding hands and dancing around the beautiful Christmas Tree.

Christmas Fest Snap Shots

This wonderful sight was followed by a tricky Christmas quiz aimed at all participating students whereby luckily each correct answer sought chocolate. Students learnt about many important facts such as the name of the popular red Christmas flower 'Poinsettia' and the names of Santa's many reindeer. After a successful celebration of Christmas, all participating students were greeted adieu with candy from a colourful sock. As students left the gates, the soothing words and tune of 'Silent Night' permeating the air, encouraged one to reflect upon and appreciate the true meaning of *the holy night when Christ was born* awaiting Christmas.
